Dear Dr. Burd:

Admiral Turner has asked me to thank you for your letter of August 29th, and for your kind invitation for him to address the Baltimore Council on Foreign Relations. Unfortunately, the Admiral has so many events already scheduled into the foreseeable future that it is impossible to take on any additional commitments.

He appreciates your thinking of him, however and wishes you all the best for a successful Council program.

Sincerely,

BALTIMORE COUNCIL ON FOREIGN RELATIONS, INC.

P.O. BOX 9396 BALTIMORE, MARYLAND 21228 (301) 455-3211

August 29, 1980

The Honorable Stansfield Turner
Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Mr. Director:

On behalf of the Board of Trustees of the Baltimore Council on Foreign Relations, I'd like to extend an invitation to you to address our members and guests.

This Council was founded by a distinguished and broadly representative group of Baltimore leaders in January of this year, and its central purpose of enhanced citizen appreciation of foreign affairs is shared by similar councils across the nation, such as the Los Angeles World Affairs Council with which I know you are familiar. Our Founding Address was delivered by Dr. Brzezinski on May 5, 1980.

Given your special qualifications flowing from your high office and grave responsibilities, we know that our community would benefit greatly if you would share your thinking with us. If you would address the subject of the role of the intelligence community in the formulation and execution of American foreign policy, and its effectiveness today, you would make a most significant contribution to the Baltimore citizenry in general and this Council in particular. We would be grateful and honored if you would accept our invitation.

Sincerely,

Frank A. Burd, Ph.D.
